

School Shoe Drive

“50 Pairs for 50 Learners”

Helping children walk
towards a brighter
future.

50 Pairs for 50 Learners

Education is a fundamental right for every child, yet many go to school with no shoes or without proper shoes, limiting their ability to learn effectively. The School Shoe Drive aims to bridge this gap by giving durable school shoes to learners in need.

We are calling all sponsors, donors and partners to help reach our goal: **50 pairs of school shoes** by January 2026-back to school!

Join us in making the first step count. **To donate and for more information:**
